

Quilting/sewing classes

Denton Farm Park

Threshers - 2010

Wednesday – 6/30

Home Crafts – 10 am: How to make useful items for the home

Antique sewing Machine repair - 2 pm: Flea Markets, yard sales, garbage bin finds often yield old machines that can be quickly and easily serviced and restored to operating condition. We will also cover basic machine maintenance to keep your home machine operating at it's best.

Thursday – 7/1

Beginner Quilting – 10 am: Learn the basic tools for efficient quilt making, and assemble a table topper top using your new-found skills. Bring a total of 1 ½ yards of cotton scrap pieces of fabric that you would like to use, or purchase fat quarters at the booth.

Beginner – How to follow a purchased pattern for clothing – 2 pm: Learn basic skills of reading patterns, and help lay out a current pattern for assembly. If you want to bring a current pattern, make sure you measure the person that it is intended for, and purchase using the measurements. Pattern sizes do NOT match off-the-rack garment sizes!!!!

Friday – 7/2

Antique sewing Machine repair - 10 am: Flea Markets, yard sales, garbage bin finds often yield old machines that can be quickly and easily serviced and restored to operating condition. We will also cover basic machine maintenance to keep your home machine operating at it's best.

Quilting on a treadle demonstration – 2 pm: Watch a quilt being assembled using a 1892 Davis VF treadle, and free-motion quilting on a 1920's Singer model 15. We will discuss how to prepare your quilt during the demonstration, and discuss the use of available attachments to help make quilting easier.

Saturday – 7/3

Beginner Quilting – 10 am: Learn the basic tools for efficient quilt making, and assemble a table topper top using your new-found skills. Bring a total of 1 ½ yards of cotton scrap pieces of fabric that you would like to use, or purchase fat quarters at the booth.

Antique sewing Machine repair - 2 pm: Flea Markets, yard sales, garbage bin finds often yield old machines that can be quickly and easily serviced and restored to operating condition. We will also cover basic machine maintenance to keep your home machine operating at it's best.
